Extending our family's faith throughout the world

BECOMING A WORLD FAMILY

HOSTING A LATIN AMERICAN STUDENT

It is a program that makes our Catholic children, of both countries, relate, enrich and interact with another culture. The students involved in this cultural and educational activity are between the ages of 11 and 16 years old. They live with an American Catholic Family for eight weeks. During this time they attend the same school where your child is enrolled. The families receive a child of the same age, sex and values as their own.

On October 16, 2010 the latinamerican students arrive to the USA, where they are to be received by their host family. They return to Guatemala, the same way on December 12, 2010.

The host families continue their regular activities, sharing their every day life, values and traditions. The Latinamericans tag along while they practice their English. They will do the same schoolwork activities as regular students, abiding by all rules and regulations, at home as well as in school.

All expenses, including tuition, lunch and full medical insurance are covered by each child. The children prepare to share information, food, handcrafts and video of their own country at school and home.

Hosting a child from a different culture will make our own children understand why we need good communication. It is basis for knowing each other as a human being, with our needs, faiths, fears and joys. Give the opportunity to your family and school of sharing a new friendship that will remain forever. Our faith unites us and keep us together. This is a great chance to share your hospitality.

Please do not hesitate to call or email us for more information.
