

Cafeteria No-Charge Policy Enforced

The following notice is taken from the Web site of the Archdiocesan School Food and Nutrition Services:

No Charge Policy-

Many schools are enforcing the No Charge Policy which has previously been in effect, but not enforced. The National School Lunch Program and School Breakfast Program under the USDA does not allow for "charging" of meals when a child's account is empty. Please be sure that your child has sufficient funds in his/her account. We apologize for any inconvenience.

Please e-mail comments, questions or concerns to cafeteriacomments@schoolcafe.org

[School Food and Nutrition Services of New Orleans, Inc.](#)

Vandebilt students who need money to eat may go to the front office of the school to borrow lunch money for the day. The cafeteria, which is under the direction of the archdiocese, will no longer provide any food or drink (even bread and milk) without proper funds. Reimbursement should be made to the front office.
