

🌟 ANNOUNCEMENTS

🌟 February 3, 2010

Today we celebrate Dividends for Life: In Our Nation. We are honoring how the faith, knowledge, discipline, and morals taught in Catholic schools benefit our nation as a whole. In one of the first actions of the 111th Congress, the US House of Representatives unanimously approved a resolution honoring Catholic schools and celebrating their contributions to America.

Representative Daniel Lapinski of Illinois remarked, "Catholic schools provide a quality, well-rounded education that builds a strong moral, spiritual, and intellectual foundation for students all over the country."

Let us remember in our prayers today all the troops who are serving our country.
