Item #906-8691

- 11.6" HD Touchscreen
- 4GB Memory
- 64GB Internal Storage
- Model 81HY0000US

Available for delivery only in select locations.

## Description

From social media management to networking, the Lenovo 2-in-1 touch-screen laptop lets you take it all on the go. Work in laptop mode, surf the Web in tablet mode and watch your favorite movies in tent mode. Wi-Fi and Bluetooth® make it easy to connect to the Internet and your peripherals, so you can stress less about having the right cables on hand and focus on getting things done.

- 11.6" HD 10-point capacitive touch screen makes it easy to navigate features. Anti-glare screen with 1366 x 768 resolution allows you to view content in crisp clarity indoors or outside, while the LED backlighting promotes a thinner, more energy-efficient screen.
- Flip hinge lets you convert the laptop to a tablet.
- Powered by a MediaTek quad-core processor. Play, work and surf the Web.
- 4GB of memory is available to run your programs and games.
- Wireless-AC (802.11ac) for high-performance, cable-free networking. Connect to wireless networks to share files, surf the Web and exchange e-mail. Fully compatible with 802.11a/b/g/n.
- MicroSD™ card reader makes file transfers simple.
- Features a USB 3.0 port and a USB Type-C port for ultrafast data transfers. USB 3.0 is up to 10 times faster than USB 2.0, yet fully compatible with USB 2.0.
- 720p webcam with microphone lets you keep in touch with friends, family and colleagues over video chat.
- Dual 2W speakers deliver high-quality audio. Headphone/microphone jack allows private listening.
- Bluetooth wireless technology makes it easy to connect to your enabled headphones, printer, sound system and more.
- HDMI™ port lets you view videos and photos on your HDTV (HDMI cable is sold separately).
- Remains powered for up to 10 hours before recharging is needed. Battery life will vary depending on the product configuration, product model, applications loaded on the product, power management setting of the product, and the product features used by the customer. As with all batteries, the maximum capacity of this battery will decrease with time and usage.
- Runs on Google Chrome OS.
- Backed by the manufacturer's 1-year limited warranty.
- Eco-conscious choice — has one or more meaningful eco-attributes or eco-labels.

## Description

Choose a versatile laptop that can keep up with your needs. The Acer Chromebook Spin 15 laptop can transition to a stand-up display or tablet to help you work efficiently or enjoy your entertainment. The Acer Chromebook also provides you with the easy navigation features of a touch screen.

- 15.6" LCD touch screen with 1920 x 1080 resolution presents crisp visuals. LED backlighting permits a thinner, more energy-efficient screen.
- 360° dual-torque hinge allows use as a notebook, stand-up display, tent or tablet.
- Powered by an Intel® Pentium® processor.
- 4GB of memory is available to run your programs. Memory is not expandable.
- 64GB flash storage accommodates your media.
- Wireless-AC (802.11ac) delivers high-speed, cable-free networking. Access wireless networks to share files, surf the Web and exchange e-mail.
- microSD™ card reader lets you transfer your digital photos, music and other files.
- 2 USB 3.0 and 2 USB 3.1 ports for fast data transfers. USB 3.0 is up to 10 times faster than USB 2.0, yet fully compatible with USB 2.0.
- Webcam and microphone help you to keep in touch via video messaging.
- Dual stereo speakers deliver crisp, clear sound.
- Bluetooth® 4.2 wireless technology makes it easy to connect to enabled phones, speakers, printers and other devices.
- 4,670 mAh lithium-ion battery provides up to 13 hours of power on a single charge. Battery life will vary depending on the product configuration, product model, applications loaded on the product, power management setting of the product, and the product features used by the customer. As with all batteries, the maximum capacity of this battery will decrease with time and usage.
- Runs on Google™ Chrome OS.
- Intel, the Intel Logo, Intel Inside, the Intel Inside logo, Intel Core, Intel Atom, Celeron, Pentium and Pentium Inside are trademarks of Intel Corporation in the U.S. and/or other countries.

## Description

Making work sessions more portable begins by finding an HP Chromebook laptop that fits your needs. Light and thin, this HP 14" Chromebook features an intuitive screen that lets you pinch, zoom, tap and swipe your way through menus and websites. Wireless support is available for simple connections to the Web and other devices.

- 14" touch screen with HD (1366 x 768) resolution presents visuals in crisp clarity and offers intuitive navigation. WLED backlighting permits a thinner, more energy-efficient screen.
- 180° hinge makes it easy to share on-screen content with others.
- Powered by an AMD dual-core A4 processor. Multitask with ease – play, work and surf the Web.
- 4GB of memory is available.
- Qualcomm Atheros® QCA6174A-5 (802.11a/b/g/ac) 2 x 2 Wi-Fi delivers high-performance, cable-free networking. Access wireless networks to share files, surf the Web and exchange e-mail. Provides MU-MIMO support, so you can pair it with a Mu-MIMO router for smooth performance in multi-device settings.
- MicroSD™ card reader makes file transfers simple (memory card sold separately).
- Features 2 USB 3.1 type-C ports and 2 USB 2.0 ports for charging, power delivery, video and fast data transfers. USB 3.0 is up to 10 times faster than USB 2.0, yet fully compatible with USB 2.0.
- TrueVision HD webcam with integrated dual-array digital microphones lets you keep in touch with friends, family and colleagues via video and voice messaging. Headphone-out/microphone-in combo jack lets you chat privately.
- Dual speakers with B&O Play support deliver rich, clear sound.
- Bluetooth® 4.2 technology lets you wirelessly link to enabled printers, cameras, smartphones and other devices.
- Stays powered for up to 9 hours and 15 minutes on a single battery charge. Battery life will vary depending on the product configuration, product model, applications loaded on the product, power management setting of the product, and the product features used by the customer. As with all batteries, the maximum capacity of this battery will decrease with time and usage.
- **Runs on Google™ Chrome OS.**
